

# TPC Mission

*“To promote the growth and long-term sustainability of our member professional associations in Vermont.”*

TPC’s professional associations share a common commitment to organizational performance and improvement by the development of the professional men and women represented by each nationally recognized association.

## Sample Programs & Workshops

- Train the Trainer
- Web Content Management
- Project Management
- Professional Certifications
- Quality/Operations Management
- Supply Chain Management

# TPC Leadership Committee

TPC is led by a collaborative steering team, comprised of the key leaders of each TPC member association. This group meets quarterly to fulfill the TPC mission.

### For additional information:

# The Professionals Collaborative

## TPC Vermont

**Leveraging the knowledge, experience and network of our professional associations.**

[pwp.surfglobal.net/apics](http://pwp.surfglobal.net/apics)

**APICS** The Association for Operations Management is the leader and premier knowledge provider in operations management, including production, inventory, supply chain, materials management, purchasing, and logistics. The Champlain Valley Chapter provides networking & educational opportunities to professionals in a wide variety of industries needing competency with the intricacies of materials and business management.

[www.vtasq.org](http://www.vtasq.org)

**ASQ** The American Society for Quality is the leading authority on organizational quality. The Vermont Chapter works to advance learning, quality improvement, and knowledge exchange to improve VT business results, by helping people improve the quality of their products and services. ASQ is a community for anyone who seeks technology, concepts, or tools in quality control and assurance. Members all have one thing in common: they are committed to gaining more skills, information, and abilities in the application of quality principals and practices.

[www.vermontastd.org](http://www.vermontastd.org)

**ASTD** The American Society for Training & Development is an international community of workplace learning & performance improvement professionals. ASTD offers tools, techniques, solutions, and best practices for employee learning & development. Members gain access to professional-enhancing training and human-performance resources; national, local and online opportunities to network with colleagues; and conferences, products, and services.

## TPC Member Associations

[www.ism.ws/sites/vermont/](http://www.ism.ws/sites/vermont/)

**ISM** The Institute for Supply Management is a worldwide organization whose mission is to “lead supply management”. ISM supports its Vermont members in their effort to achieve world-class performance in purchasing and supply-chain management. ISM-VT provides educational events, CPIM certification, workshops, networking, and access to continuing education opportunities.

[www.pmicv.org](http://www.pmicv.org)

**PMI** The Project Management Institute provides a forum for project management professionals to promote the principles of the Project Management Institute through networking with other project managers, sharing project experiences, providing and receiving training, and supporting Project Management Professionals in their certification efforts. The Champlain valley Chapter provides local training, workshop and certification opportunities.

[www.stc-vermont.org](http://www.stc-vermont.org)

**STC** The Society for Technical Communication is an international organization advancing the art and science of technical communication. Its members include technical writers, editors and illustrators; content developers; instructional and Web designers; and usability professionals. STC provides learning and networking opportunities. The Vermont chapter offers monthly educational programs and workshops, as well as opportunities for networking and sharing ideas.
